

GOV. JOHNSON COMPLETES SIGNING

Time Allotted for Approving Bills Ended Last Night at Midnight

MOTHERS' PENSION BILL WAS ONE OF LAST SIGNED

Many Important Measures Received O. K., Including Reform Measures

SACRAMENTO, June 17.—Just before midnight last night Governor Johnson signed the general appropriation bill by Assemblyman Chandler, providing \$12,999,600 to support the government for the next two years. The figures were cut from \$13,302,850 by the governor. The Farwell mothers' pension measure providing for a commission of five to investigate the subject, and the Young primary bill were among the last bills signed before the close of the thirty days allowed for signing bills passed by the late legislature.

Earlier yesterday he approved several big measures such as that creating the state water commission, which caused the most vigorous fight of the session; the measure creating a civil service commission; the Owens bill closing saloons (titled at road houses) between the hours of 2 and 6 o'clock in the morning; and the board of health bill creating a department of tuberculosis.

The Gary bill, prohibiting the sale of wild game other than geese, except during November of each year, was signed. Also Scott's measure, placing the license for all those who would fish at \$1 for residents over eighteen years of age, \$3 for non-residents and \$10 for professional fishermen, was approved.

Other fish and game bills signed provide protection for shell fish in Monterey bay, extend protection to sea otter, prohibiting the transportation of abalones from the state and the use of Chinese shrimp bags or sturgeon lines. Assemblyman Wells' bill compelling the registration of game preserves and Assemblyman A. G. Clark's bill reforming the fish and game districts of the state also were signed. Senator Anderson's measure protecting game in a portion of the Cleveland national forest was signed.

Some of the prison bills signed provide that a convict may appeal for parole after serving one year. No straightjackets, thumb screws, gags or any cruel or unusual punishment shall be used.

Farwell's bill, making it a misdemeanor to expose a paroled prisoner, was signed.

Senator Gates' bill providing for two assistant inheritance tax attorneys, one for Los Angeles and one for San Francisco, was signed.

The national guard measure revising the state's military laws to make the militia conform in organization to the regular army received the governor's signature. At midnight he signed the Boynton-Ryan school teachers' bill.

The defense was unable to find her to serve a subpoena.

Second Wave of Heat Predicted For Windy City

CHICAGO, June 17.—Cool lake breezes today gave Chicago temporary relief from the intense heat of the last two days. The thermometer is now well below ninety degrees. Yesterday's maximum was ninety-eight degrees.

Another hot wave is predicted and the authorities are pushing measures to aid the poorer residents of the city when the test comes.

No means are available to tell how many deaths are due to the heat, but the mortality, especially among babies, was very high.

DEATH MYSTERY AND ROBBERY WITH IT

Eggs, Eggs, Four Ostrich Eggs, Who Got Away With the Ostrich Eggs?

JIM JEFFRIES MAY BE GUILTY PARTY

Another Big Bird Incident, This Time for Sheriff's Consideration

If Jim Jeffries, ostrich, had anything to do with an occurrence at Father Alfred Queta's ostrich farm, he has another murder chalked up against him. Worse than that—it is wife-murder, a heinous act.

Jim Jeffries did his best one afternoon a few weeks ago to kick the life out of a San Juan Capistrano pair, and the only reason he failed was that the man assailed had a forked stick and by putting the fork against the big bird's neck kept the wicked toe far enough away to prevent being struck. Then a couple of weeks ago, a 125-pound pig went into the pen. Jim took one huge swipe at the hog and put him into the bacon and sausage class.

These acts are known to be the acts of Jim Jeffries. The latest escapade from the ostrich pens seems to have Jim Jeffries involved as a suspect. But Jim may not be guilty. He may be wrongly accused. Altogether, the incident has some peculiar features, and the sheriff's office has been asked to make an investigation.

It seems that a few days ago one of the birds in Rev. Queta's collection entered upon the occupation of setting. Four handsome big eggs were in the nest, and there was every reason to believe that very soon four ostrich chicks would be breathing in the splendid mission valley climate.

But, alas! the plans of ostriches and men sometimes come to untimely ends.

The ostrich was found beside the nest—dead. A jagged rip across the side showed that death had been by violence.

The four eggs were gone. Thus the murder mystery arose. Had the ostrich been found dead and the eggs still in the nest, the crime would have been looked upon as some whim of Jim Jeffries. Had the eggs been broken the keeper might have concluded that Jim or some other feathered creature had been guilty of the theft. But there was not a sign of broken shell or of the eggs' interiors.

When these things were figured out it began to look as though human hands had mixed up in the tragedy. The nature of the "ragged" wound seemed to satisfy Father Queta and the keeper that death was due to a blow from another ostrich. If so, what came of the eggs? Did the thief bury them? Investigation put that answer in the negative.

It might have been that some passer-by found the ostrich dead and the eggs left unguarded. Temptation was thus at hand. Those same four eggs may be in somebody's incubator right now, or perhaps four or more hens have been pressed into service to attempt a tremendous job in completing the work commenced by the dead bird.

Whatever conclusion may be reached by those who care to think over this first-class mystery in nature-study, this much is true: The eggs are gone. The bird is dead.

The matter was laid before Sheriff Ruckdold this morning by Justice of the Peace Landell of San Juan Capistrano. It is up to the sheriff to find out who killed the ostrich that set on the eggs and who got the eggs after the ostrich went to the happy desert land where all good ostriches go, and from which Jim Jeffries seems likely to be excluded if he keeps up the pace he has set.

TRANSFERS LICENSE INVESTIGATION ENDS

Head and McPhee Make Pointed Remarks; Col. Heathman's Opinion Finally Read

Proposal Made for \$50,000 Water Bonds and \$12,000 Fire Department Bonds

The expected hearing on the citation of Frank Musselman to show cause why the license of the Palace Restaurant should not be revoked came to a sudden end last night. It was a stormy close of a sensational chapter. There was no mingling of words by Trustees McPhee on the one hand and Attorney H. C. Head on the other. McPhee said he had witnesses on hand to testify concerning the Palace's reputation. But the trustees were up against a new phase, something that was sprung a short time before the council convened. Musselman gave up his restaurant license, and a new license was issued to his sister, Miss Musselman. McPhee charged that it was a transfer made since the investigation started, that it was made in Attorney Clyde Bishop's office and the license change made but two hours before the meeting. While McPhee was anxious to go ahead and prove his case against the restaurant, the other trustees present, Alderman Greenleaf and Grubb, voted to call the investigation off.

This was but one matter of importance and interest that came up last night. It was a lengthy meeting, adjournment arriving after 11 o'clock. Trustee Ey was absent and Trustee Grubb was in the chair.

Trustee McPhee brought up the Musselman license matter. He said he was prepared to show that the place had been a disorderly house for several years. Attorney H. C. Head attempted to interrupt McPhee, but the trustee would not give up the floor.

"I have just learned," said McPhee, "that Musselman has given up his restaurant license, and that his sister has taken one out for the same place. This occurred but two hours ago. Evidently when Musselman ran up against the law, he has been not back out, he transferred the license to his sister. The manager of this place has been a constant libeler of the law, but he now has no restaurant. I am not after the man. I am after the place. If such a place can be run and cannot be shut up legally, why there appears to be nothing left to do but invoke the aid of a vigilance committee. I have here all the necessary witnesses to prove what this place has been right along. By the consent of a majority of the board, Attorney Bishop has been employed to interrogate the witnesses."

Attorney Head, getting the floor, said: "This board takes unto itself the powers of a court and of a prosecutor. Depriving a man of his property evidently does not mean anything to this board. Also this board spends the taxpayers' money to employ an outside attorney on a mere matter of hearing on a license, overlooking the city attorney. This trustee is asking you to do something that is not legal. Here is this citation, the likes of which has never been seen on earth. You cite a man because he happened to pay a fine and run a car for rent. Rumor has it that there are several autos that occasionally rent to crowds going to Anaheim or Newport Beach. "You can have a great spiel here and a grandstand play, but you can't stop the business of that restaurant any more than you can by such an order stop the Santa Ana Book Store or the Santa Ana Black from doing business. This is a child's play performance, and you'd better stop right now before you get into a hole. This transfer of property took place some time ago, though the license was not transferred until today. You'd better stop now, for the performance will flatten out in the end."

"Thanks," said Grubb. "We seldom get legal advice without paying for it. Whenever this board has attempted to put an unclear place out of business we have found legal restrictions on every hand to tie our hands. We are going to have this town a clean, law-abiding, straight town."

City Attorney Heathman arose, and declared that he does not "propose to be transplanted, particularly by the trustee from the fourth ward." He said he had written a legal opinion on the matter, and he demanded that the opinion be read.

In reply to a statement concerning Bishop's pay, McPhee said that if the city does not pay him, he would. Attorney Bishop stated that Musselman had been charged with certain things, and by surrendering his license he virtually pleaded guilty.

"This board has an absolute right to cite him," said Bishop. "But you cannot revoke the license of the one who now holds it until she has been cited and given a hearing."

Heathman: "I ask that my opinion be read by the city clerk."

Without regard to the request, Alderman moves that the matter be dropped, as the board had accomplished what it had set out to do. Greenleaf seconded. McPhee opposed the motion. He said Musselman had been up twice before. "If

Coal Mining Operators' Attorney Watts Tried to Shout Down Sen. Martino

OBJECTED TO CROSS-EXAM. ALONG SANITARY LINES

New Jersey Senator Upheld by Court, and Corporation Lawyer Is Rebuked

CHARLESTON, W. Va., June 17.—Senator Martino of New Jersey and C. C. Watts, attorney for the coal operators in the West Virginia district of this state, clashed bitterly today in the Senate subcommittee investigation of the coal mine strike here.

"I demand that you cease harrying the witnesses," shouted Attorney Watts, when Senator Martino was examining Dr. Arthur C. Montgomery, one of the witnesses. "The fact that you are a United States Senator gives you no right to be a harrier."

Montgomery, however, was not to be deterred. "Wass Virginia knows how to care for her own people. Anyway, the state does not intend to go to the mountains to learn a lesson in sanitation."

For some moments the two tried to shout each other down. The court rebuked Watts, declaring that Martino was within his rights in the cross examination.

ENGLAND FACES CIVIL STRIFE IN IRELAND

LONDON, June 17.—That England today faces bloody civil strife in Ulster can no longer be denied.

The Orangemen are preparing, just as quietly, seriously and thoroughly as Gona Pund did, to "stranger humiliate." If there has been any doubt as to the deadly determination of the North of Ireland to resist by force of arms the establishment of Home Rule, these have been removed by the reports reaching Dublin Castle in the past few days from its agents in the disaffected provinces. It has been definitely established that a well-armed and well-disciplined army of approximately 20,000 men has been formed, the members of which are pledged to obey their officers to the limit, and that great quantities of arms and ammunition have been privately cached in strategic localities throughout the province. Moreover, it is known that all the machinery for setting up a provisional government of Ulstermen in Belfast to begin business the day Home Rule goes into effect, has been secretly prepared by Sir Edward Carson, the leader of the Ulster party, and other leaders who constitute the Ulster Council.

The facts are so patent that England has at last awakened to a realization that the threatened threat, "Ulster will fight," is a reality. Unprejudiced investigators who have been going over the ground recently are absolutely convinced that the first attempt to enforce in Ulster the authority of a British parliament will be the signal for open rebellion. On Sept. 28, last, 218,000 male inhabitants of the northern province over 17 years of age affirmed their names to what is known as the Ulster covenant, in which they pledged themselves "to use all means that may be found necessary to defend the present conspiracy to set up Home Rule in Ireland," and in it they declared further that "in the event of such Parliament being forced upon us we solemnly and mutually pledge ourselves to refuse to recognize its authority." Practically all of these men are now enrolled as members of the Ulsterist clubs, which have been organized throughout the province and which are really disguised recruiting and drilling stations for the "army of Ulster." The membership has been steadily increasing since the passage of the Home Rule bill by the House of Commons last January, and new clubs are constantly

Botany and Art Departments to
Be at Home to Their
Friends

ORANGE, June 16.—On Tuesday, June 17, the botany and art departments of the Orange Union High School will be "at home" to their friends.

Miss Haplin's botany class has been growing sweet peas and these are to be exhibited and the prize awarded to the student who produces the best dozen sprays of blossoms. There is a prize also offered for the best arrangement of flowers of any variety, to be judged solely from an artistic standpoint. Every student in the school may enter this competition. There are no rules and regulations except that each person bring a vase in which to arrange the flowers. It is hoped that a great many of the students will enter for this competition, for artistic flower arrangement is a thing that is badly neglected in our homes. We hope that another year it will be possible to arrange for a real flower show, but if we can make a beginning, however small, this year, it will be a step in the right direction.

The art class will give an exhibition of this year's work. The class

The cashier's report for the past six months showed earnings which enabled the board of directors to declare the usual 4 per cent semi-annual dividend. In addition to the 4 per cent dividend \$500 was placed in the bank's surplus account and \$300 of earnings was placed to the undivided profit account.

All of the bank's old officers were re-elected, as were also the old board of directors, as follows: C. E. Lamme, president; J. A. Knapp, vice-president; F. H. Cloyes, cashier. While the showing for the past six months has been highly satisfactory, the directors have every reason for expecting a much better showing during the coming six months.

SEVEN MILLION ADMISSIONS

At 40 Cents Each

SEVEN million admissions to MAHOMET'S MOUNTAIN at 40 cents average per person is believed to be a reasonable expectation of the business that will be done by this magnificent attraction at the coming Panama-Pacific International Exposition. This expectation, if realized, will give this Company NET PROFITS of about \$10.00 for every \$1.00 invested in shares at the present selling price, 20 cents per share.

This estimate of profits while very large is based on statistical records of other big World's Fairs. Concessions at past big Fairs have averaged over 22 per cent in admissions of the total number who pay to enter the grounds. Dominating attractions, such as those designed and operated by Charles A. de Lisle Holland, run far above the average.

The paid attendance at Chicago was nearly 22,000,000. Estimates of attendance at San Francisco vary from 20,000,000 to 40,000,000, based on the conceded fact that this will be the greatest Fair in the history of mankind.

An Illusion Palace, such as Mahomet's Mountain, drawing only 25 per cent of the admissions, will handle enough money to make

NEW PLAYHOUSE OPENING NIGHT

Auditorium Theater Crowded
by an Appreciative Audience
at Initial Performance

Santa Ana's new play house, the Auditorium Theater on Spurgeon street between Third and Fourth streets, was opened auspiciously last night. Rushed to completion to meet engagements, there are yet some finishing touches to be made, although the lack of them was not noticeable last night. The Auditorium was filled to its capacity and many people were turned away.

The program included three reels of moving pictures, singing and dancing and a musical comedy, "Uncle Joe's Visit," all lively and entertaining. The capacity audience was appreciative of all the good points of the show. A six piece orchestra was a noticeable feature of the attractions offered by the new theater.

But after all, what the audience, and also the people of Santa Ana in general, are more interested in than even the program, was the playhouse

itself. And that they found decidedly attractive. The Auditorium has a seating capacity of between 900 and 1000, the opera seats being modern and comfortable. There are a dozen boxes, each easily accommodating six people. The boxes are well placed and attractively finished. A large number of judiciously located exits make the house as safe as even the most exacting can wish. The lighting is good and the general finish and style of the house is admirable.

The stage space is generous, and handsome scenery was displayed last night. The stage is sufficiently ample to accommodate any but the most ambitious of the road shows, and is well supplemented with dressing rooms and other necessary adjuncts. Altogether the Auditorium Theater is roomy, well appearing and well equipped, and is a decidedly creditable acquisition to Santa Ana.

WHO WAS RESPONSIBLE FOR CLOSING DOORS?

Who was responsible for making last Saturday's meeting of the Republican County Central Committee an executive meeting? Who closed the doors against newspaper reporters?

The action of the committee has been criticized. That is not all. At least one report of what occurred behind closed doors has been criticized because it failed to make known to the public one or two things that are said to have occurred.

For instance, the motion to go into executive session was made by L. H. Wallace of Newport Beach. It so happens that Wallace was leader of the forces desiring to have the committee endorse S. S. Finley for appointment as judge. One reading that Wallace made the motion might seem to indicate that the Finley forces were especially anxious to have the meeting secret. As a matter of fact there were no votes in opposition.

The Finley people declare that such an inference ought not to be drawn. They declare emphatically that Finley, who is a member of the committee, but who was not present at the meeting for the reason that he was one of the candidates up for consideration for recommendation, advised against the closed-door policy. It seems that immediately after the committee went into executive session Wallace made another motion. He moved that representatives of the local papers be admitted to the meeting. Straightway George Wilcox of Buena Park seconded the motion. Immediately came a protest. One story has it that E. E. Keesch, an S. M. Davis leader, and one or two of the W. H. Thomas leaders, protested against putting down the bars for the newspapermen. They said that as long as the meeting was executive, let it be executive. The advice of these leaders prevailed. The motion to admit the newspapermen was lost.

Who then was responsible for the action? The Finley people say it was not they. The Davis and Thomas people say they did not start it. So there you are.

MONEY STOLEN FROM HAND-BAG BY MEXICAN

Last night a hand-bag belonging to Mrs. Olive Lopez was gone through at the Public Library, and \$6 or \$8 was stolen from it. Mexican who was in the reading-room is credited with the theft.

Mrs. Lopez was in the reading-room looking for some old files of a newspaper. She left her hand-bag on a table, and went to another room. Later a Mexican boy found the bag. The Mexican picked it up and said he would take it upstairs to the desk. He left the room.

When the bag was missed, a search was made. It was found where the thief had thrown it down after removing the coin.

NAVEL ORANGE OUT- LOOK IS CHEERFUL

Southern California to Equal
Her Standard Output During
the Coming Fall

That Southern California will pick and market a fine crop of oranges that will practically equal her standard output of navel oranges during the coming fall was the prediction made by fruit growers yesterday following the receipt of reports from the navel districts, says the Los Angeles Tribune this morning.

Based on these reports E. G. Dezell, acting general manager of the California Fruit Growers' Exchange, declared conservatively that the navel orange output for this year will reach 75 per cent of the normal crop. This, he declared, would be of greater satisfaction to the growers following the cold weather of last winter than a larger crop under normal conditions. According to the reports all orchards south of the Tehachas are holding their fruit to a greater degree than during any season for the last ten years and that a bumper crop is expected.

That the Valencia orange crop that is now being marketed will show a much greater return than was anticipated was evidenced yesterday by estimates made by fruit exchange officials. On the shipments made now it is estimated that the present crop will reach 3000 cars, against 5000 cars of last year.

Statements made last winter were to the effect that about 1500 cars would be shipped. Present indications are that this amount will be doubled.

CALIFORNIA OIL SUITS TO CONTINUE

Not Affected by Judge Riner's
Ruling on Taft's Order of
Land Withdrawal

Suits filed by the government to oust settlers on California oil lands who are there in violation of former President Taft's order withdrawing the lands from entry, will not be affected by the recent decision of Federal Judge Riner at Cheyenne, Wyo., in which he held that President Taft had no right to issue the withdrawal order, says the Los Angeles Tribune.

A statement to that effect was made last night by A. I. McCormick, United States district attorney.

Mr. McCormick said it was the intention of the government to press the suits. He stated his belief that possibly a decision diametrically opposed to that of Justice Riner would be obtained in California.

In September, 1909, Taft withdrew several million acres of lands in various states from entry. Some doubt was expressed at the time as to his authority to issue such an order and a large number of persons violated it by taking possession of the lands affected. It was almost a year before congress specifically authorized the president to issue such withdrawal orders. When this authority was given him he affirmed his order.

Three suits based on that order have been filed in Los Angeles by Mr. McCormick. Altogether some 500 acres in Kern county are affected. This is worth several million dollars.

Mr. McCormick stated that the decision had no bearing on the famous "billion dollar" oil land suit of the government against the Southern Pacific railroad and other corporations, as the withdrawal order is not involved in that litigation.

**TWO SACKS OF SPUDS
MAKE MUCH TROUBLE**

Potatoes on the market are cheap, but a couple of sacks grown on E. Poyet's ranch at the end of West Fifth street have cost their weight in avocados. Last night a thief stole these two sacks of potatoes. This morning the matter was reported to the sheriff's office through Blankenbecker's store, and the idea got out that the store had been robbed. Consequently when Under Sheriff Law in the early morning started out he took Constable Heard and Deputy Sheriff Dean with him in Sheriff Rudbeck's automobile. Arriving at the store, they found out that two sacks of spuds had been stolen. The officers started on a trail left by the man supposed to be the thief. This trail was followed to the river bottom west of the race track. There a pin in the axle gave way, and the machine was stuck. A garage man was brought out in response to a telephone call, but the machine he had proved too small to draw the machine out of the sand. Under Sheriff Law found a six-man team and dragged the auto on to hard ground.

WOULD KEEP DRUGS USED BY SUICIDES FROM THE PUBLIC

COLUMBUS, Ohio, June 17.—When the Ohio State Druggists' Association met here today it was expected that an attempt would be made to have endorsed a resolution advocating the passage by the legislature of a law prohibiting Ohio newspapers from

publishing the names of drugs which are used by suicides. Delegates to the convention which was largely attended by pharmacists from all over the state, contended that the publishing of the names of drugs used in self destruction is a large influence in increasing suicides. The convention will continue three days.

ENGLAND FACES CIVIL STRIFE IN ULSTER

(CONTINUED FROM PAGE ONE)

being formed. In the counties of Antrim, Down, Derry and Tyrone there are clubs in every village and small rural district. Even in Donegal, the most Nationalist county of Ulster, it is reported that 10,000 men have been enrolled.

In many of the clubs five nights a week are devoted to drill, and in the larger communities "special service" sections have been organized of members available for active duty at a moment's notice. The drill-masters are for the most part former soldiers or sailors of the regular establishments. It is estimated that Ulster will be prepared to throw into the field a quarter of a million men, whose military training will have been more thorough than even that of England's territorial army. Nor will the Ulster army lack capable officers. A number of applications for commissions have already been received from retired officers of the British army.

Meantime, the British government is doing nothing with the situation—except collect facts. Carson, who, besides being an astute politician, is an exceedingly clever lawyer, feels that he and his associates are perfectly safe from prosecution personally, and he is equally confident that the government would not dare prescribe the "political clubs" of Ulster. There is one difference in law between the Carsonian and Pankhurstian brand of incitement. The Ulster chief has been quite as violent in his public speeches and doubtless in his private councils as the leader of the W. S. P. U., but the militancy of the Ulsterites thus far has been confined to a series of resolutions and resolutions. Carson has been urging his followers to fight—Home Rule is thrust upon them. It is the "if" that keeps Carson out of jail.

Moreover, the government would have considerable difficulty proving that the organization and drilling of Ulster Unionist clubs of itself constitutes sedition or treason. But it is to motives of expediency rather than to purely legal reasons that the government's inaction must be ascribed. The authorities are fully aware that no intense is the popular feeling in Ulster against Home Rule that any attempt at this time to suppress these clubs would merely precipitate the conflict. Anyhow, the present administration is none too sure of another year's continued tenure of office to make such a procedure politically advisable. Recent by-elections have resulted either in Unionist victories or in tremendous increases in the number of Unionist voters, and there is the ever present danger of an adverse division in Parliament on some important question, which would mean a general election and the more than possible defeat at the polls of the Liberal-Labor-Nationalist coalition.

Ulster's present attitude is that it will surely fight if Home Rule becomes an established fact—but that there is still a chance that the present Parliament will go out of existence before it can place the bill on the statute books.

SAY PICTURE SHOWS ARE DISTINCTLY OBJECTIONABLE

For the last week a quiet investigation has been going on in regard to the kinds of shows put on by the local moving picture houses. Last night a report from the W. C. T. U. was given to the City Trustees, to the effect that the effect of these shows is bad. The Trustees referred the matter back to the W. C. T. U., asking for specific information.

Today a statement was issued by twelve citizens of Santa Ana, as follows:

"Attention Parents"

"We, the undersigned, have visited all the moving picture shows in this city during the past week and find features in them which are exceedingly objectionable.

"We recommend parents to visit these places and see for themselves the coarse and degrading features which their boys and girls are seeing

every time they go.—Rev. Paul Wright, Mr. and Mrs. E. B. Norman, Mr. and Mrs. G. P. Hill, Mr. and Mrs. E. P. Stafford, Mrs. Lea Warren, Mrs. C. W. Burns, Mrs. Horace McPhee, Mrs. A. H. Nickel, Mrs. J. H. Sturgeon, Miss Sarah Finley, Mrs. O. S. Catland.

There is a city ordinance prohibiting the showing of murder and robbery scenes, but this ordinance seems not to have been at all times followed by all the picture houses. The principal objection to the local shows is that with the moving pictures some of them are running musical features, in which chorus girls are prominent. The costumes—or lack of it—has been severely criticised. The statement, however, does not refer to any particular objectionable feature, but it is expected that parents shall judge for themselves.

CONTINENT WIDE OBSERVANCE OF "PURITY SUNDAY" ON NOV. 9 TO AID IN VICE SUPPRESSION

MINNEAPOLIS, June 17.—Final steps were taken here today to formally request every church and religious meeting house in the United States, Canada and Mexico to observe "Purity Sunday," which will fall on November 9, next, with sermons and addresses urging co-operation among churches, city, state and national officials and sociological societies in war on the social evil. "Purity Sunday" has been designated by the seventh international Purity Congress which will convene in Minneapolis November 7 and continue through November 12.

The convention, which is expected to be the greatest gathering the world has yet known in the interests of the suppression of white slavery and public vice, will be held under the auspices of the World's Purity Federation. Its purpose, besides combating the white slave traffic, will be to promote "high and single standards of morals for both men and women, the safe and sane instruction of youth in sex hygiene, and in furthering such social, civic, economic and moral reforms as will conserve the very highest in character and life." The slogan of the federation in its fight to achieve its object will be "Fullest publicity concerning the shame of the cities." According to plans mapped out today by the local committee, "a spade will be called a spade" in all the addresses and discussions, and data and statistics regarding the social evil and the white slave traffic in every city of size in the world will be presented in fullest detail.

The appeal sent out to all churches today regarding the formal observance of "Purity Sunday" wherever people gather for religious worship reads: "On this Sunday when the great congress is in session, and when Minneapolis leads in the movement by opening every church and every hall for the discussion of these questions, we ask every clergyman in the world of whatever denomination or creed, to deliver at least one sermon dealing with these problems. Fraternal orders and uplift societies are requested to take similar action. We appeal to the higher officials of all churches, to the heads of fraternal bodies, to the rulers of all countries, to the governors of states and provinces, and to the mayors of all cities to issue proclamations designating November 9th as 'Purity Sunday,' and urging their members and people to assemble on that day for the serious consideration and discussion of these problems which are so vital to the welfare of people everywhere. By the co-operation of all who believe in the higher things, this day can be made a tremendous power for the advancement of purity in social and individual life."

Besides this appeal for the observance of "Purity Sunday," the local committee has also issued a circular letter to all churches, fraternal bodies, etc., in which it is stated that the observance of "Purity Sunday" is a matter of international importance.

NEW YORK, June 17.—It was announced yesterday afternoon that Della Fox, famous as a musical comedy actress, had passed away suddenly from acute indigestion in a New York sanitarium Sunday night. The body will be taken to St. Louis for burial.

The actress, Mrs. J. Levy in private life, was born in St. Louis on October 13, 1871, and made her first stage appearance in that city in 1879 as the midshipmate in "Pinafore." Her recent engagements were in vaudeville.

NITRAGIN CULTURE

The most important development of recent years, in its relation to the farmer and the fruit grower, is the discovery of Nitrugin Culture by artificial means. By this is meant the cultivation of germs, to inoculate all leguminous crops; by this means taking nitrogen from the air—not only for the benefit of the growing crop, but by depositing from 150 to 200 pounds of pure nitrogen to the acre (worth from \$22.50 to \$30.00 per acre) conserving the soil, and benefiting future crops as well. When you realize that all crops draw heavily on the nitrogen in the soil (from 45 pounds for the average crop of potatoes, to 75 pounds for the average crop of corn), one can readily appreciate the great need of keeping up the supply. Fruit trees draw even more heavily—particularly citrus trees—which draw from the soil the year round. The German and the United States governments have both endorsed this method of keeping up the supply of nitrogen as the cheapest and best. By this method, the government experimental stations in various states have shown an increase in crops of from 100 per cent on peas and beans, to as high as 500 per cent on alfalfa; besides leaving from 150 to 200 pounds of pure nitrogen to each acre, for the benefit of other crops. From this it is apparent that the general use of Nitrugin Culture would very soon increase the output of the state more than 100 per cent. It will pay the farmer and fruit grower to look into this carefully, because it not only means a large increase in production, but the

vanity of "Purity Sunday," the local committee also sent out today invitations to all religious, reform, civic, and philanthropic societies and to all organizations laboring for the social uplift and to promote purity and eradicate vice, to send delegates to the congress. Invitations also were sent to the President of the United States, the governors of all states and provinces, mayors of cities, police departments and all departments of the government to send representatives. In the invitations it is stated that individuals not connected with any organizations will be welcome.

Announcement was made today that President Wilson, former President Taft, governors of a score of states, mayors of two score cities and officials of a hundred or more civic and sociological organizations already have sent letters praising the work of the federation and intimating that they will appoint delegates or attend themselves.

A tentative program was today made public by the local committee. It will include addresses by eminent reformers from all over the world; religious workers, and various officials of a score of nations. There will also be several debates touching upon points "where there now appears to be honest differences of opinion."

Ample opportunity will be given at morning sessions, and following addresses, for open discussions in which delegates will be permitted to participate. Six great international gatherings have preceded the congress which will convene in Minneapolis on November 7. The World's Purity Federation was perhaps the first large organization to begin the fight against the social evil and commercialized vice through wide publicity and "plain talk" education. It has been mainly through the work of this federation that the present general agitation and open fight against social evils was set in motion. The Federation has been working along the same lines for thirteen years. Much of this time, according to officials of the organization, was spent "in arousing public conscience" and in combating the secrecy with which the fight against the social evil formerly was carried on and the hesitancy on the part of the great majority even to acknowledge openly that the social evil existed. In the thirteen years the organization has been fighting it has striven to avoid the sensational and hysterical in method and to weed out from its membership the "notoriety seeker and those who are attracted to this field by a desire for honor or a career."

Editor Register:—In the report of Pastor Russell's lecture a few statements were made which might be misleading to those who were not present.

The work of the International Bible Students' Association is strictly un denominational in that there is no church organization to join or any official record kept of those considered as members in the local classes.

In reference to the newspaper work there are nearly 2000 papers publishing his sermons, and the number is constantly increasing.

The pastor's thought was that the elect only are having a trial now for life in the heavenly condition, and that the world is awaiting its final trial when each individual will have one full, fair opportunity to gain what Adam lost, which was not heaven, but a perfect earthly life and condition. This trial will not begin until after the church has been glorified and rewarded in the first resurrection, for they are to have part in the judgment of the world.

So that he does not teach a second individual chance for the non-elect to gain heaven as might be inferred by many.

All, both good and bad, have had one trial in Adam with the sentence of death resting on all, so each one is to have one full, fair trial for life, either heavenly in this gospel age, or earthly in the age following the resurrection.

Doings in Social and Club Circles

SERENADE FACULTY

Girls' Glee Club and Boys' Quartette Compliment Teachers of the High School

Last night the members of the Girls' Glee Club and Boys' Quartette of the Santa Ana High School had a delightful party at the home of the Misses Grace and Emily Bircher, 617 East Pine street, prior to making a merry round of the homes of the various members of the faculty of the High School for serenade purposes.

The Bircher grounds were illuminated with Japanese lanterns hung in the trees on the lawn. The musicians were most hospitably entertained and merriest reigned. Songs and yells were indulged in and the hostesses served ice cream and cake.

After the happy hour spent at the Bircher home the party departed in automobiles for the serenading tour. They visited the home of each member of the faculty and rendered beautiful vocal numbers which were thoroughly enjoyed by the educators complemented. The Glee Club has been trained this year by Miss Mary Ely and has done excellent work, which was noticeable in the fine singing of last night.

A pretty feature of the serenading trip of last evening was the stop at Miss Gowdy's home, where on invitation the party numbering about thirty made a short call and sang two numbers especially for Miss Gowdy's mother. One of the numbers was sung by the Girls' Glee Club and the other by the Boys' Quartette.

Travellers' Last Meeting
The last meeting for the season of the Elbel Travellers, first section, was held yesterday afternoon at the home of Mrs. L. J. Carden, 918 French street. The usual reading, which this year has been along the line of early English history, was enjoyed yesterday, a social hour followed. Mrs. Carden signalled the season's meeting with the serving of delicious refreshments.

The Travellers have enjoyed a pleasant year, their study taking them through a stirring and formative period of English history, while the social events enjoyed by the club have punctuated the season's serious work very delightfully.

FIRST WOMAN COUNTY TREASURER APPOINTED

Yesterday Miss Donna Dennis became the first woman county treasurer in the state, another gratifying evidence of the recognition of the ability of women to occupy positions of responsibility and trust.

Miss Dennis was appointed to the position of county treasurer by the supervisors of Shasta county, to succeed her father, L. M. Dennis, who died in San Francisco last Saturday.

The salary which Miss Dennis will draw is \$2400 a year and she will hold office until January, 1915.

Haired Six Days by Rain

The H. S. Gordons have been halted on their homeward journey, writes the Doctor to friends here under date of June 14, from Raton, New Mexico. He says:

"We are tied up here on account of rain. Have been here six days. Think we will get out tomorrow morning. The rain quit about 36 hours ago, but the bridges are all washed out and the banks of the creek will have to be cut down so we can ford. It has been a gloomy week for us here but we have a very good home-like hotel and that is some comfort, for they are not all good in this country. We are going to try and get home by July 1. After we leave here we will drive early and late and make all the time we can.

"We are all well and enjoy the trip when we can. So you can be pretty safe in telling the people that we will be there by July 1, and if any of them are sick to just wait for I am ready for work and lots of it."

At the Anderson Home

Mrs. D. L. Anderson recently entertained in a delightfully informal way in honor of Mrs. H. J. Forgy, who with her young son and daughter, Fred and Dorothy, left last evening for an extended visit in the East.

Golden-eyed Shasta daisies and ferns were attractively employed in decorating the living rooms of the Anderson home, where the small group of guests, most of whom were neighbors of the honoree, gathered to spend the afternoon with needlework and social chat. Delicate refreshments were served by the daughter of the house, Miss Helen Anderson, and Miss Kassa Bailey.

Earlier in the week—on Tuesday—David Anderson was the host at a 6:30 o'clock dinner at which covers were laid for eight. The affair was in the nature of a farewell to Fred Forgy and also in celebration of his own birthday, which fell on that day.

After dinner the boys were guests of Mr. D. L. Anderson at the "movies," seeing "At the Top of the World." The guests were Fred Forgy, Keith Davis, Donald and James Anderson, Myford Irvine, John Wehrly and Paul Anderson.

Evening Party

Misses Elsie Lutz and Ruth Visel were hostesses last night at a charming party given at the W. F. Lutz home on North Main street. A color scheme of white and yellow was carried out with Shasta daisies. The front porch was screened and made cozy with rugs, easy chairs and decorations of flowers and ferns with Japanese lanterns illuminating. The Peerless Orchestra of Los Angeles played during the evening behind a screen of ferns in one corner of the living room.

Merry pastimes and informal dancing passed the evening pleasantly. A two-course repast was served.

Those present besides the two young hostesses were: Wilhelmina Cavins, Dorothy Dean, Verrill Cravath, Gertrude Roper, Marian Gardner, Jessie Gardner, Dixie Perkins, Lina Yarnell, Rhea Shaul, Irene Smith, Harold Brown, Dean Collier, Homer Rob, Vern Baker, Anthony Adams, Nelson Visel, Howard Timmons, John Menges, Robert Paine, Herbert Kendall, Bertrand West, John Jacobs, John Newman, Harry Covington, Hugh Gale, Donald Andrews.

Do you know what's under your hat?
Dr. J. Whitcomb Brounger will tell you "What's Under Your Hat" at the College of Music Tuesday, June 24, 1913.

SUCCESSFUL RECITAL

Voice Pupils of Mr. Cogswell in Delightful Music-fest at Elks' Hall

Mr. Horatio Cogswell presented his pupils in recital last night at Elks' Hall, where the large auditorium was crowded with an appreciative audience. The program was excellently chosen, and showed to the best advantage the voices of the pupils, as well as the care which Mr. Cogswell is known to bestow upon his pupils, and his rare ability in voice training.

There were several of the singers whose voices are well known here in Santa Ana and whose work is always warmly welcomed, notably Mrs. Carl Strook, who possesses a beautiful and sympathetic contralto; Mrs. Theodore A. Winbiger, whose clear soprano is a favorite, and Mr. Lloyd Sharp, whose rich baritone is a delight to his hearers and whose solo, "Infelice," was one of the most delightful numbers on the program.

Mr. Albert C. Gerrard's pleasing bass was heard to excellent advantage in Roedel's "The Storm Fiend." The dainty lightness of the Verdi duet, "Smiles and Tears," was delightfully given by Mrs. G. S. Harper and Miss Hazel Stockslager, both of whom possess soprano voices of much sweetness and purity.

One particularly enjoyable number was the Metcalf trio, "Absent," given by Mrs. Winbiger, Mrs. Harper and Mrs. Strook.

The tenor solo, "An evening Song," was most delightfully rendered by Mr. Robert Paine, who has a sweet, full tenor voice, which he uses with sympathy and understanding.

The last number was the beautiful Verdi trio, "Te sol quest Anima," which was exquisitely given by Mrs. Harper, Mr. Paine and Mr. Sharp, and which called forth expressions of delight from every one.

The singers were given able assistance by the accompanists, Mrs. W. H. Snow, Mrs. A. J. Padgham and Mrs. Arnold Peck.

Pleasant Luncheon
The Second Travel Economics Section was handsomely entertained yesterday with a one o'clock luncheon at the home of Mrs. J. G. Quick, Mrs. Quick and Mrs. C. W. Burns being the hostesses. The luncheon was served in three courses and a Japanese basket of pink Rambiers was the centerpiece. Shasta daisies were used in the other rooms.

The afternoon was spent in conversation, the meeting being purely a social one. It was the closing meeting of the year. A very animated discussion arose over the present style of women's dress and over the moving picture theater situation in Santa Ana. Both were severely criticized.

Why do so many men imagine they don't look well in a cap? Maybe they never had the right cap.

Our caps are making these men change their minds, particularly the caps we sell at \$1—they're going like the "lightning express."

Small wonder—they have a "look" and "style" about them that rests well on the head of any man—and a "Quality" you wouldn't expect for less than \$1.50, that's what they would cost elsewhere.

But such caps cannot be had elsewhere, in **STYLE AND LOOKS.**

Mrs. E. S. Wallace and son, Bruce, have returned from Wichita, Kansas, where they went last August to join Mr. Wallace. They are at the home of Mrs. Wallace's brother, W. H. McClain of North Main street, and are "mighty" glad to get back to California, where it is never too warm, nor too cold.

Mrs. Ella Clinton and three daughters have arrived from Philadelphia to spend the summer at the H. McClain home on French street. Mrs. Clinton, who is Mrs. McClain's sister, has been connected with the publishing of the Lady's Home Journal for several years, during which time her eldest daughter, Miss Dorothy, attended Bryn Mawr College.

Mr. and Mrs. F. L. Blain and son James of 528 East Washington avenue will leave June 28 for Clare, Michigan, for a stay of several months. Their cottage will be occupied during their absence by Mr. and Mrs. Parks and the Misses Parks, who are recent arrivals from Denver, Colorado.

Miss Daisy E. Palmer last week purchased a one-way ticket over the Southern Pacific to Corpus Christi, Texas.

Mrs. H. J. Forgy and children, Fred and Dorothy, left yesterday by way of the Southern Pacific for a visit of several months in the eastern states. Their journey, which promises to be a round of pleasure, will include visits to relatives in Massachusetts, Pennsylvania, Washington, D. C., and Springfield, Ohio. They expect to return by way of San Francisco, reaching home before the opening of school next fall.

Mrs. Alvin Burns and little daughter are visiting at the home of Mrs. Burns' mother, Mrs. Mary Curtis of South Main street.

Miss Ann Robinson came down last evening from Trabuco. She is here to attend the wedding of Miss Dudley Page.

Miss Mattie Ritchie is at home from Fallbrook where she has been teaching school during the past year. Mr. and Mrs. Frank McChesney and family, accompanied by Ellis House, motored to Monrovia on Sunday to visit an old acquaintance in the sanitarium there. The party returned by way of Pasadena and Los Angeles after a delightful day.

(CONTINUED FROM PAGE ONE)

you allow yourselves to become the victim of this bunco game, the police will have every reason to feel discouraged. It may take four years more to reach a similar situation."

Heathman again insisted that his opinion be read, but his plea fell on deaf ears. The vote was taken and the motion carried, McPhee voting no.

A communication from the W. C. T. U. stated that several of the moving picture shows are not what they ought to be and ought to be regulated. Alderman stated that the accusation is general. He and other trustees visited one show and their verdict was that it was no worse than bubble skirts and bath towel costumes worn on the streets every day. He said that if the ladies would be specific, name the show, the board certainly would investigate and take action if warranted.

Grubb said he had been in but one show. He saw things there not particularly elevating.

"We ask you to be specific, and I assure you, that we will thoroughly and conscientiously do our duty, regardless of legal obstacles." The communication was referred back to the W. C. T. U. with a request for a specific complaint.

The meeting was half through before the city attorney again referred to that opinion. Nothing was done, just before the close of the meeting the city attorney arose and in an agitated manner declared:

"I demand that you allow that opinion to be read. I spent two days preparing it. I have been vilified, abused, I want to set myself right. I have asked you five times to read that, and you won't do it, and I'll be damned if I'll stand for that kind of treatment any longer." He said he had special reference to McPhee in his desire that he be heard.

McPhee declared the Municipal matter was closed, and there was no use reading it. Grubb ruled that it should be read later in the meeting. The city attorney said something about the contempt with which he had been treated. After a time, the opinion was read.

It was a well worded, logical opinion, reviewing the rights of the city to regulate various kinds of business, and ended with the statement that "no city trustees have no power to take a restaurant's license away because it is a useful business."

The Opera House

A very fair, straightforward statement was received from Wm. F. Lutz in regard to the Grand Opera House. Lutz stated that he had closed the opera house as instructed to do, and requested that the board inform him what strain per square foot should be required, what changes are deemed necessary by the board. The trustees expressed themselves as willing to accept the verdict of the committee of five men who examined the building. On motion the communication was referred to the committee with the statement that when that committee is satisfied the trustees will be satisfied. In other words a few repairs will make the opera house entirely safe for any crowd that can get into it.

After the Weeds

Alderman said that he wanted to see the new weed act, which makes it possible to clean up in front of a man's property and charge the expense to the owner, enforced on all the streets of the city. After some discussion as to the procedure, the city attorney, who drew up the act as

road crossings are more dangerous and blocked off more than Chestnut. The petitioners stated they would do all in their power.

Alderman said that while the board had already endorsed East Fourth he moved that the board do all in its power to get East Chestnut paved to the city limits. He would like to see both routes paved to the center of Tustin, both joining the state highway. He and Grubb said the board could not and would not go back on East Fourth street, the only street ready to pave.

Several owners on East First asked that East First be paved from the Santa Fe to the east city limits with a 29-foot pavement, provided that the city gravel and oil the sides of the street and that the street be accepted as the state highway.

Alderman said that with one route, East Fourth, already selected, the city board cannot now select another. He favored granting the petition excepting that provision about the state highway and moved the petition be referred back to have that provision stricken out if possible.

C. F. Bennett said the petition is signed by nearly all of the frontage. He said if they can't get the state highway routed that way, they do not propose to pave.

Alderman's motion carried.

Removing Poles

Alderman said that the Joint Pole Committee has about completed the work on Main and Fourth street, getting all wired on to one set of poles. He moved that the committee be instructed to proceed to readjust the poles on two other streets. Carried. He said he favored going ahead two streets at a time until the city is cleaned up of "too many poles."

The resolution of the Farmers Club asking the board to undertake starting a public market was filed.

E. D. Waffle and John Ayas protested against a proposed act to put a corporation building at the corner of West Fourth and Birch streets. They said such a building would be a decided detriment to the street. The petition for the permit was denied, a former permit to build being rescinded.

The Southern Counties Gas Co. asked to be allowed to put in two gas poles and light in front of the Mirror Theatre. The matter was referred to the police committee with power to act.

The Bell Theater was given permission to put up billboards and lights in front of it.

On the report of Street Superintendent English, the board purchased ten tons of barley hay from Jerome Bros. at \$22 a ton.

G. J. Wertz, corner Fourteenth and Poinsettia, asked that the sewer be extended to his house and several others near him. The request was granted under the usual conditions.

Alderman said "Concur." He had had offered to have the asphalt used by him analyzed. The trustees moved that the city engineer be instructed to have an analysis made.

The board carried a motion to order the enforcement of ordinances calling for a "safe and sane" Fourth of July.

New Sewers Ordered

Finley and Reid reported that a sewer can be extended on North Main to the city limits, allowing a sufficient clearance under the bridge. The cost would be about \$200. On East Fourth it would cost \$150 to extend the sewer between Wright and Grand. The improvements were ordered made. Both these streets are to be paved.

Reid stated that the water department needs about \$25,000 at the station and could use as much pipe as the city wants to spend. For \$25,000 the city could lay 4 1/2 miles of pipe, yet the city could use \$40,000 to \$50,000. For station and pipes, about \$50,000 all told would be advisable.

Fire Chief Young said the fire department would do well to spend \$12,000 in getting a modern auto truck and 2000 feet of new hose.

Reid said it would be well to vote the necessary bonds, but not sell off as needed to make available extensions.

These recommendations were referred to the committee of the whole. Says It's Dangerous

Fire Chief Young said the Arcade rooming house has not yet put in fire escapes. Alderman said the house should be closed if the changes proposed are not made. Young said the place is in bad shape now.

"People can't get out if a fire starts right there," said Young. "Really, I don't know how that place can be made safe."

The city attorney was instructed to take vigorous action.

The city attorney was instructed to collect from several property owners on East Santa Clara avenue for sewers put on the street.

Mrs. Hamilton, owning property near 17th and Main, asked the city to open an alley along her property. She said a barn is now on the alley. The matter will be looked into.

A written opinion from the city attorney on the rights of the city to establish an industrial district was read by the city clerk. The opinion stated that businesses already established cannot be moved, but once the district is established businesses designated in a certain decision of the court can be made to locate within that district. The opinion was placed on file.

Officer Roy Davenport had a mighty sore forefinger on his left hand today. Last night he found a Mexican asleep in the alley south of the city hall. He aroused the man, who waked up fighting. In the fracas, the Mexican got Davenport's finger in his mouth, and he kept his grip until Davenport pried his jaws open. The Mexican also got his teeth in the officer's leg, but failed to draw blood. Officer Gilbert heard the racket, and in short order the Mexican was handcuffed and on the way to jail. He said his name is Mariano Vasquez. Davenport's finger was bitten to the bone.

LOS ANGELES PRODUCE MARKET

Indications are that the gooseberry and currant season will soon draw to a close. The crops have been fair this season, and prices moderate. Gooseberries advanced a few cents yesterday, while currants showed weakness. The market is still fairly active.

Cherries will soon be cleaned up. Prices are about steady now. The demand for apricots is heavy, for three cars put on the market yesterday by one firm were nearly cleaned up in the afternoon. Receipts are large. Peaches are coming in more freely, and meet with a good demand. Small shipments of figs are received. The berry market was about as usual.

New local celery was received, and sold at \$1.25 a dozen. This article has been rather scarce of late. The new stock will tend to improve the market. A few lemon cucumbers are received and were offered at 75 cents a box. Receipts of Imperial tomatoes are fair. There was a good supply of new potatoes. Onions, especially silverskins, were plentiful. Green beans were abundant.

Cantaloupes meet with such a good demand, that, although receipts were larger than usual, there was no drop in price. Watermelons are not disposed of very rapidly, probably owing to the fact that warm weather has not yet begun in earnest.

The butter market shows advancing tendencies. Eggs are steady, but it is probable that higher prices will soon be seen. Cheese was firm.

When ordering bread from your grocer, just say: Home Bakery bread. Butter, Nut Bread, Milk Bread, Whole Wheat, French, Rye, Pullman, Graham and Cracked Wheat Bread fresh every day.

freighting over the S. P. from the county's rock crusher at McPherson.

IN THE JUSTICE COURT

HABITUAL USER GOT MORPHINE

Dr. E. L. Enochs, a local physician who came here a year or two ago, was arrested yesterday afternoon by Constable Jackson on a charge of giving a morphine prescription to a habitual user of that drug. Dr. Enochs was taken before Justice Cox and his bail was fixed at \$100.

The complaint against the physician was sworn to by Bernard Devin, a state pharmacy inspector. It states that on May 31 Dr. Enochs gave to Frank Wells, a habitual user of morphine, a prescription for morphine. Wells not then being regularly under Dr. Enochs' treatment.

Case Dismissed

For lack of evidence, the felony charge against Walter Hart, a colored bootblack, was today dismissed. Hart was suspected of having stolen \$110 from Blakeman & Tiller's poolroom.

This morning F. G. Mosley was in Justice Cox's court on a charge brought by a customer, Mrs. W. G. Gill of 709 West Second street. According to the evidence, the customer and Mosley, proprietor of a store, had a disagreement over some goods brought back to the store by the woman, and some words were spoken back and forth that resulted in the issuance of a warrant for Mosley. Attorney Bishop prosecuted for the district attorney's office and Attorney Rutan defended Mosley. After hearing the evidence Justice Cox fined Mosley \$1, and remitted the fine.

Charge of Insanity

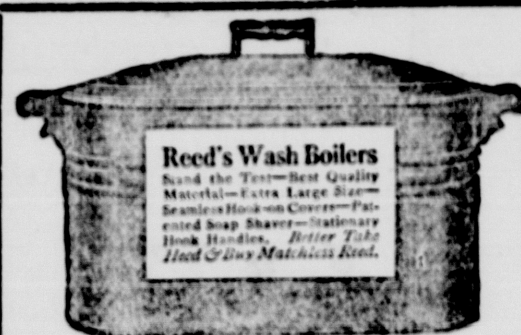

B. F. Thurston was brought to the county jail yesterday afternoon by City Marshal Warner of Orange, and locked up on an accusation of insanity. Thurston's actions have been strange, and action against him was started by relatives. Thurston has been showing cards about with his name and other matter printed thereon. One statement on the card is that he has drowned his three brothers. The card states that Thurston was born in Sycamore canyon, which is below Arch Beach.
